BEST PRACTICES

I. COMPETITIVE ENTRANCE EXAM PREPARATION PROGRAMME (CEEPP)

1. Objectives-

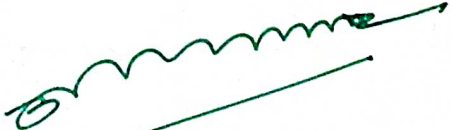

- (i) To prepare students to have successful careers in various sectors of employment.
- (ii) To provide students with solid foundation in college so that they are able to use this knowledge in getting jobs and maintaining their jobs.
- (iii) To develop students with professional and ethical attitude, effective communication skills and the attitude of working in group/with people for successful careers.
- (iv) To motivate students towards higher studies in various discipline depending on their inclination and aptitude.

2. Context-

Apart from good teaching and learning at the institute students need to be prepared for having a good career. Most of the students take admission in the institute with aim of getting good career in future or want to pursue higher education in a good institute. We provide them a platform to enhance their skills and talents to clear various competitive exams through this programme so that they can get a better future.

3. Practice-

Workshops and classes are regularly organized in our college for the preparation of competitive examinations and lectures related to it are held. We also conduct survey and tests to recognise their field of interest. We also evaluate them regularly for their enhancement.

II. TREE PLANTATION DRIVE & ENVIRONMENT FRIENDLY CAMPUS

1. Objectives-

- (i) Preservation of existing greenery in college campus and surrounding area.
- (ii) To sensitize, encourage and engage students, staff, all stake holders of the college and community about scientific tree plantation for increasing green coverage.
- (iii) Minimization of use of plastic by using 3 R as Refuse, Reuse and Recycle.
- (iv) Development of new green zone wherever possible, primarily in college campus.

2. Context-

Trees play significant role in maintaining equilibrium of the environment. Many ecological processes like rainfall pattern, monsoon cycle, soil cover, balancing the level of greenhouse gases and oxygen production are governed by trees. Vegetation protects wild life and provides habitat. Besides, trees have social, spiritual, commercial, medicinal significance.

3. Practice-

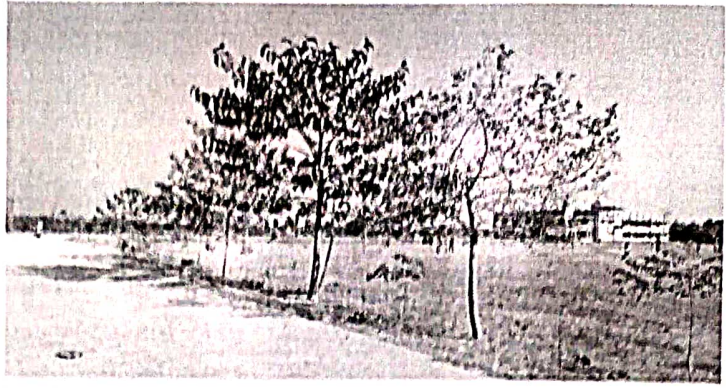

Every year students along with the staff plant trees. The saplings have been obtained from nearby NGOs or donated by Selwa Nursery. Subsequent care is taken by the college committee and NSS unit. Due to this program over the years the campus has become lush and green. Also, a herbal garden consisting of plants with medicinal values is planted in the college campus.

4. Evidence of Success-

The College Campus is enriched with a variety of plant species. There has been a significant increase in the number of trees in the college campus in the last few years.
